

ZERO BREAK-INS OR THEFT ON CONSTRUCTION SITES!

A MOBILE FOG
CANNON SECURES
YOUR VALUABLES

SECURED IN SECONDS

PROTECT BRAVO:
A fog cannon on a trolley/handtruck with an alarm system and PROTECT Security Sounder (siren) in the front.

Avoid burglaries, theft and vandalism at construction sites

PROTECT BRAVO is an independent, mobile alarm system with security fog, with the possibility of adding a siren and a strobe light.

Perfect as a temporary security measure against burglary, theft and vandalism.

- Avoid the cost of crime and save money
- No delays in construction work due to theft/vandalism
- Reduce the cost of fraud and theft significantly
- Deliver efficient construction to happy customers
- BRAVO: All-in-one solution - requires only a power supply
- 100% monitored security solution
- Can be accessed from the alarm system's smartphone app
- Doesn't sleep or take breaks!
- Can be easily relocated between construction sites
- Used, for example, in trailers, houses and industrial buildings

THE PERFECT SECURITY WHEN THE LAST EMPLOYEE LEAVES...

Security fog means immediate security of your valuables!

A PROTECT fog cannon fills a room with a blanket of artificial fog so the criminal cannot see and orient himself: They cannot steal or damage what they cannot see!

PROTECT BRAVO is an all-in-one solution that, amongst other things, protects:

- Home appliances / plumbing
- Cabinets
- Lighting
- Tools
- Windows and doors
- Floors

Security fog from PROTECT is 100% safe for people, animals, fixtures and electronics. It leaves no trace and has been approved by several test institutes worldwide.

*A PROTECT BRAVO in action in an unfinished town house.
Accessories vary from installer to installer.*

A PROTECT BRAVO is ready to secure the furniture in an almost finished kitchen.

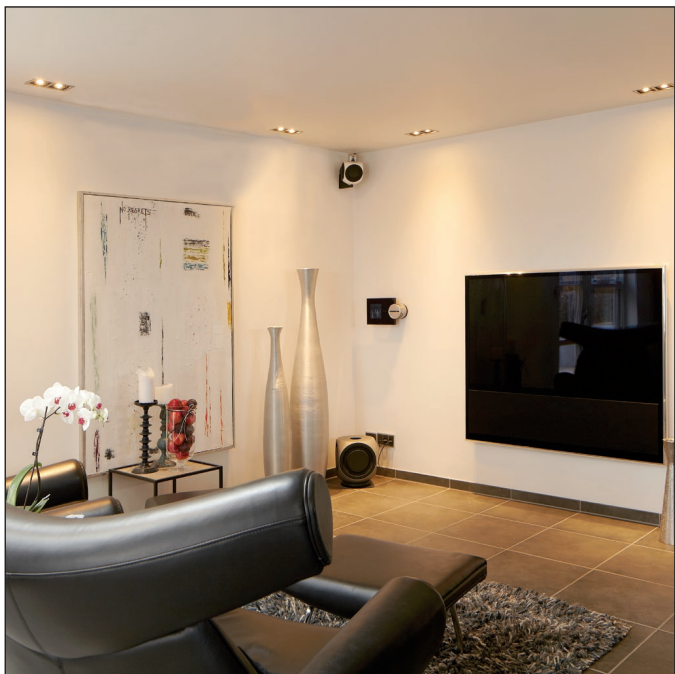

A FLEXIBLE DIY SYSTEM

PROTECT operates globally, therefore we have made the BRAVO solution a flexible and economical DIY system. Accessories such as the alarm system, motion sensors, trolley/handtruck etc. are selected and purchased outside of PROTECT. PROTECT, on the other hand, delivers the first-rate fog cannons for the optimal security of building materials. If you think that security fog could be an optimal solution to you, we would gladly refer you to the manufacturer of the accessories.

Most alarm systems can be operated with a smartphone app. This way you can control and monitor PROTECT BRAVO from a sofa.

PROTECT BRAVO is advantageous not only for construction sites. It can also be used in many other premises where a removable solution is desired. For example from a cottage to a domestic house - and vice versa.

MOBILE FOG CANNON FOR MANY PURPOSES

The mobile PROTECT BRAVO takes only minutes to set up. It secures private homes so that families can go on a holiday with a peace of mind and without thinking about the possibility of the theft of their jewellery, furniture, electronics etc. Other location options:

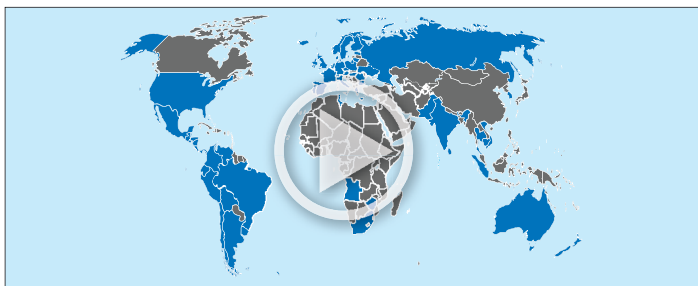

- Holiday homes
- Caravans
- Art exhibitions and events
- Temporary storage
- Trade stands
- Storage for school tablets
- Examination rooms with computers

EUROPEAN QUALITY - DANISH DESIGN

PROTECT is the world's best-selling product in the security fog industry.

Sales are made by 330 Danish alarm dealers and partners in more than 50 countries.

We have an in-house technical hotline and product development, and our experts in alarm and electronics provide support to both domestic and foreign customers every day.

Have a look at our official presentation video on protectglobal.com and learn more about PROTECT and security fog.
