

# DAY OR NIGHTTIME

# WE'LL PROTECT YOUR KIOSK WITH FOG

SECURED IN SECONDS

# STOP BURGLARS IN SECONDS!

- Suitable for small shops and kiosks

*PROTECT security fog is white, dense and dry and for increased disorientation, you can add a strobe light and a siren.*

# THE PERFECT PROTECTION DAY AND NIGHT

Security fog means the immediate protection of your valuables and employees!

A PROTECT Fog Cannon will fill a room with a blanket of dense security fog, rendering the intruder blind, it works on the principle that you cannot steal what you cannot see.

Break-in

20 sec.

10 - 45 min.

*Keep the intruders out for up to one hour - ample time for police or security services to arrive.*

*This video shows a real burglary in a kiosk. After only 3 seconds the burglar is out again. Watch this and many other videos on [protectglobal.com](http://protectglobal.com).*

# SECURE YOUR EMPLOYEES AND YOUR VALUABLES WITH FOG

Cash, tobacco and liquor are what burglars focus on most when committing a robbery or burglary in a kiosk. In the day time they can attempt an armed robbery and threaten the cashiers, and at night, they can shatter shop windows or work heavy iron doors open.

Any of these attempts, successful or not, will have a negative result for the shop owner - the employees will not feel safe and secure at their workplace anymore, and replacing stolen goods and fixing the damages will be costly. Fortunately, our solution can help to prevent all that!

PROTECT Fog Cannon will be your 24/7 guard, always there to protect your employees, customers, your cash, interior and goods, until the police or alarm response team arrives. If burglars assume that small shops and kiosks are an easy target - they will have to think again!

## FOG CANNON FOR YOUR SAFETY:

- Insures your staff's security
- Protects your cash, goods, interior and personnel
- Choose between more models
- Harmless fog and leaves no damage
- A modest investment and low operating costs
- Quick return on investment
- Up to 5 years warranty

## ” PROTECT SECURITY FOG HAS REDUCED BREAK-IN ATTEMPTS IN SWEDISH KIOSKS BY 49%

Reitan Convenience Sweden AB has 7-Eleven and Pressbyrån stores in towns and cities all over Sweden. The installation of fog cannons in only a portion of the stores resulted in almost a 50% reduction of burglaries and break-ins.

“Since 2013, we have installed the systems in all new stores, and stores that have experienced burglaries. We now have PROTECT Fog Cannons in almost 140 of our stores. Many installations also have the PROTECT Security Sounder siren, which further stresses the burglar,” explains Security Manager Lars Eklund. He is responsible for security in the approx. 300 Pressbyrån stores and seventy-five 7-Eleven shops that are closed at night, and the twenty-five 7-Eleven stores that are open 24 hours a day.

“The fog has a preventive effect. The burglar knows how effective it is. We therefore erect clear signs indicating ‘security fog protection’, so burglars do not even try to break into. By avoiding broken windows and doors, we save both ‘down time’ and money,” says Lars Eklund.

“We chose security fog protection in close consultation with our insurance company. We choose PROTECT because the products are simple, the service costs are low, and they are easy to integrate with the existing alarm systems in our stores,” notes Lars Eklund.
